There are 2698 instances of "Lafz al-Jalaal" (الله) = word of "allaah" in the Qur'an al-Karim.
142X19=2698

NOTE: Most of the published Qur'ans today starts with

bismillaahirraHmaanirraHiym as the first verse of the Fatiha Surah. This is according to the Shafii madhhab's opinion. According to the strong opinion among the majority of the scholars of the Hanafi madhhab the **bismillaahirraHmaanirraHiym** is not the first verse of Fatiha Surah. It goes above the surah just like in the beginnings of all the other surahs except the Tawba Surah. Therefore, there is only one instance of the "Lafz al-Jalaal" (الله) = word of "allah" in the Fatiha Surah.

The book titled "Miftah-ul-Quran" prepared by Ahmad Shah which includes in the preface a date of 1906 and published by LAHORE THE BOOK HOUSE shows only one instance of the "Lafz al-Jalaal" (الله) = word of "allaah" in Fatiha Surah.

The Quran al-Karim published in Berlin, Germany in 1976 and copyrighted by ITTIHAD Druck u. Verlags GmbH shows only one "Lafz al-Jalaal" (الله) = word of "allaah" in Fatiha Surah because this Qur'an al-Karim was published according to the Hanafi madhhab's strong opinion.

Following their convention I also included only one instance of the "Lafz al-Jalaal" (الله) = word of "allaah" in Fatiha Surah.

The word Allaahumma (اللَّهُمَّ) which appears 5 times in the Qur'an al-Karim, i.e., in (3:26; 5:114; 8:32; 10:10; 39:46) is not in the form of "Lafz al-Jalaal" (الله) = word of "allaah" therefore does not count for the count of "Lafz al-Jalaal" (الله) = word of "allaah". Ahmad Shah's "Miftah-ul-Quran" lists allahumma as a separate word.

Another Qur'an Dictionary published in Turkey in Turkish titled "Kur'an-i Kerim Lugati" by Doc. Dr. Mahmut Çanga lists the word allahumma as a separate word and also lists one "lafz al-Jalaal" (الله) = word of "allaah" in the Fatiha Surah.

Therefore not including the **bismillaahirraHmaanirraHiym** as the first verse in the Fatiha Surah and not including the word allahumma and just counting the "Lafz al-Jalaal" (الله) = word of "allaah" in the Qur'an I came up 2698 instances of the "Lafz al-Jalaal" (الله) = word of "allaah" in the Qur'an al-Karim. 2698 is 142 times 19.

Rashad Khalifa in his book "QURAN: Visual Presentation Of The Miracle" lists two instances of "Lafz al-Jalaal" (الله) = word of "allaah" under the Fatiha Surah and comes up with number 2698. Knowingly or unknowingly he skips the instance under 9:15 (Tawba surah, ayat 15). Including this

one his count jumps to 2699. Counting only once for the Fatiha Surah gives the correct number 2698. Allah knows best.
